New York, Sept. 6.—United States Steel made a new high record at the opening of yesterday's strong market, 10,000 shares changing hands at 98 to 98 1/2. The maximum figure is equivalent to 100%, allowing for the regular and extra dividend of 2 1/2 points, which came off the stock when it sold ex-dividend last Friday. The previous high record for steel was 97 1/2, made last week.

Mercantile Marine preferred also made a new record at 111, likewise Kelly-Springfield Tire at 81 1/4. The entire market expressed the relief of the speculative community over the settlement of the railroad strike, gains in other parts of the list, rails excepted, being from 1 to 2 points.

MAINE CAMPAIGN SIZZLING.

Undermyer Replies to Col. Roosevelt; Hughes in State Soon.

Portland, Me., Sept. 6.—The Maine campaign was sizzling yesterday with a reply from the Democrats to Col. Roosevelt's attack on the Wilson administration record and representatives and United States senators whooping things up in preparation for the grand finale toward the end of the week, when Charles E. Hughes, the Republican candidate, will be in the state.

Samuel Undermyer delivered the reply to Col. Roosevelt at Newfield Monday night.

"In no other country are such bitter vituperation and misrepresentation of public men permitted to go unchecked and unpunished," he said.

Undermyer added that Col. Roosevelt knew the picture he drew of conditions in Mexico and of the administration policy was "cruelly and wilfully false."

He defended President Wilson's course throughout and declared intervention would be a crime against humanity.

HEAVY STEERS HIGHER.

Light Receipts Result in Stronger Prices on Most All Livestock.

Brighton, Mass., Sept. 6.—Owing to the interruption to railroad traffic caused by the threatened strike, light receipts of livestock were noted at the Brighton market yesterday morning and prices were higher on nearly everything on the list. Shipments also were delayed by the holiday, and some carloads on the way to this market may not get in until to-day. The strike of the sausage makers has affected the demand for canner cows and other cheap stuff, but buyers seemed hungry for all good stock, and prices were generally advanced.

Heavy steers were sharply advanced, tops selling at 9 1/2c. cents, one choice pair bringing 8 1/2c. cents. Good cattle sold at 8 1/2c. cents and light cattle at 6 1/2c. cents.

The better grades of beef cows sold readily at a little better range of prices than prevailed a week ago. Fancy cows and heifers sold at 7c. cents and occasionally better, good cows bringing 6 1/2c. cents, ordinary cows at 4 1/2c. cents and canners 3c. cents, and heifers at 4 1/2c. cents.

Bulls sold up to 6 1/2c. cents for the best animals, the bulk of the sales being made at 5 1/2c. cents, with ordinary bulls at 4 1/2c. cents.

Cows also were firm and higher, some fancy small lots selling as high as 11 1/2c. cents. Bonch lots of the best stock sold at 10 1/2c. cents, with fair lots at 9 1/2c. cents and grassers and drinkers at 7 1/2c. cents.

Hogs were advanced a fraction for live, owing to the strike difficulties. Best lots sold at 11 1/2c. cents, with rough lots at 10 1/2c. cents.

Sheep and lambs were in moderate supply, and prices were nominally unchanged at 6 1/2c. cents for sheep and 9 1/2c. cents for lambs.

The cow barn was well filled with milk cows, but the demand was light and prices were easy. Fancy milkers sold up to \$75, bringing \$500-\$600 and ordinary milkers \$35-\$40.

New York, Sept. 6.—Mayor John P. Mitchell will be given time to intervene before a strike is called among the employees of the Interborough Rapid Transit company's subway and elevated lines, it was announced yesterday on behalf of the men. BASEBALL BRIEFS.

Christy Mathewson, the Cincinnati manager, pitched his first game in a Red's uniform last Monday when he pitched against Three-Fingered Brown, the one-time Cub star, winning by a score of 10 to 8. Brown allowed 19 hits for a total of 25 bases, while Mathewson was hit for 15 safeties, totaling 25 bases.

A few weeks ago the National league honored Bob Emmie, who has been connected with the National league umpire staff during 25 years of service. The American league, too, has shown its appreciation of a valued umpire, one of the greatest in the history of the game. It has had erected a granite monument over John F. Sheridan's grave near San Jose, Cal. The monument is about six feet in height and has an inscription which reads: "Erected by the American league in appreciation of his long and valued services."

Rabbit Maranville's nose was broken in the afternoon game at New York. Zimmerman, who was hit by a sizzling grounder to the Rabbit, Maranville came in fast on the play, the ball took a bad bound, hitting him in the nose and breaking it. The rabbit lay on the ground for a few minutes, but was able to resume play in a short time.

New York experts say that the Red Sox have cracked and that Detroit or St. Louis will be the winner.

The Braves saw the light of day but one day, when they were carelessly pulled down by the hard-fighting Phillies. This Philadelphia combination seems to be the team that the Braves will have to contend with.

It is a peculiar coincidence that the Braves and Red Sox should be deprived of their second basemen while on the final drive for the flag. Evers and Barry would both be of great assistance at this critical stage of the race.

Hughie Jennings, manager of the Detroit Tigers, says that they have one advantage over the other teams in their circuit, in that they have been plodding along throughout the season without a worry. The Washington and Cleveland teams fought out for the lead in the early part of the season; then the Yankees came to the front after these teams commenced to slip. When the Yankees were broken up by the White Sox and Red Sox drew everyone's attention and when the White Sox slipped, the Browns came into the limelight. Jennings states that no one picked the Tigers for a winner until the first of September, that his team has not had anything to worry about at any time and now they come into the front ranks without the strain that the other teams have been under during the season, primed for the final sprint.

Jack Slatery's success as a coach at Tufts college has brought him prominence that is bound to bring him offers from some of the so-called big colleges. His performance for Tufts is in part due to the fact that he can coach, live at home, and still retain his business interests. He must be well satisfied or he would not have signed up for three years longer.

The latest rumors of Ray Collins' pitching, is that he will be seen in the Montpelier lineup against St. Johnsbury, when the Montpelier team journeys to St. Johnsbury to play their return game.

Nashville clinched the flag in the Southern association when they won Saturday from Little Rock by the score of 1 to 0. The victory gave the club a lead of nine games over New Orleans with only eight more games to play.

Alexander has the shutout record of the big leagues, by holding teams scoreless in 14 games.
